The screenshot shows the top navigation bar of the website. On the left, there is a green vertical bar with the letters 'ST' in white. To its right, the text 'Computer Science' is displayed in white, with 'Master programme' underneath. Further right, there are several navigation links: 'Unimia', 'Registrar', 'People Finder', 'Ariel', 'Webmail', 'Library Service', 'ITA', and 'ENG'. On the far right, there is the logo of the 'UNIVERSITÀ DEGLI STUDI DI MILANO' and the text 'LA STATALE'. Below these links, there are five main menu items: 'Programme', 'Application', 'Courses', 'Study', and 'After graduating'. On the right side of this menu, there are icons for a search function and a hamburger menu.

The banner features a dark background with a blurred image of a computer screen displaying code. The code includes lines like 'Copybara.java\_script\_driver = ...', 'Category.delete\_all; Category.create', 'Shoulda:Matchers.configure do |config|', 'config.integrate do |test|', 'with.test\_framework :rspec', 'with.library :rails', 'end', 'end', '# Add additional requires below this line. See the README for more details.', and '# Requires supporting ruby files with support/ and its subdirectories. See the README for more details.'. Overlaid on the right side of the banner is the text 'Computer science' in a large, bold, white font, with 'Master Programme website' in a smaller white font below it.
